NEAREST AIRPORT

The nearest airport is Kos, 22km.

ARRIVAL

Guests arriving into Kos should make their own way to the yacht at the Marina located in Kos Town, with taxis from the airport providing the best option.

ITINERARY

TBC

YACHT FACILITIES

Air-conditioned saloon with fully equipped galley and fully-stocked bar (including cocktail blender and ice maker), lounging area, chart table with navigation, plasma screen and DVD player. Dining area. Cockpit with outdoor dining area and lounging seats. Hammocks and outdoor freshwater shower on deck. Stereo with indoor and outdoor speakers.

CABIN AMENITIES

Air conditioning, storage space, private shower and electric toilet.

WATER ACTIVITIES

Equipment is provided for water activities: scuba-diving, snorkelling, sea kayaking, wakeboarding, water skiing, sea biscuit, fishing and water mattresses.

Scuba-diving is only permitted on presentation of full certification and insurance, and a £40 charge per dive will be made to non-Yacht Club Members (payable in local currency; exchange rates may vary according to date of payment). Wetsuits can be rented from a local dive shop; however, guests are welcome to bring their own equipment if preferred.

CLOTHING

The Aegean Sea enjoys a pleasant year-round climate so for most of the sailing season lightweight casual clothes, beachwear and a jumper or light jacket for evenings are ideal. In the shoulder months of April and October, evenings and early mornings can be fresh so mid-weight clothing is more suited. Please pack clothes in soft bags and as far as possible keep luggage to a minimum.

FOOTWEAR

Concerning what shoes to wear while on the yacht, it is important that you have the proper footwear in order to ensure safety and keep the boat ship-shape. If you have regular boat or deck shoes, these are ideal. However, if you do not, trainers or sports shoes are welcome so long as they are non-marking (no dark soles), have been cleaned prior to being used on board and are only used on board. Barring these options, you will have to get around the boat either in socks or barefoot.

VOLTAGE

220v (50Hz) electrical outlets are available on board for hairdryers (hairdryers supplied), electric shavers etc. A converter or adaptor is recommended if your appliance is not compatible with European sockets (2 round pin type).

LOCAL CURRENCY

Greece uses the Euro, however it should be noted that not all restaurants, shops and small hotels accept credit cards and ATMs tend to give out large denomination notes, it is therefore recommended to carry some Euros.

VISA REQUIREMENTS

Visitors from many countries, including citizens of the UK and EU, will not need to obtain a visa for visits up to 90 days. Please check with your travel agent or consulate before travelling.

TRAVEL INSURANCE

All guests sailing with us are required to have a Travel Insurance policy in place for the trip.

ALL-INCLUSIVE FEE

The non-refundable, mandatory all-inclusive package price is payable in 2 instalments, 50% at time of booking and 50% 4 months prior to travel or 100% at time of booking if travel date is within 4 months, subject to terms and conditions.

Included are all meals, except for 2 meals ashore (one mid-week and another on the last night of your sail), all drinks while on board, cruising permits, fuel, crew, water, port charges, sports and onboard activities and facilities.

The all-inclusive charge is per person (based on 2 sharing) and will be adjusted annually (on a seasonal basis) to reflect the increases in costs of food, drink, labour, port charges and generally the cost of providing facilities on board.

PREFERENCE FORMS

Please remember to submit the Preference Form at least 4 weeks before departure and include a telephone number that we can contact you on in Kos. You will be provided with the crew telephone number in due course.

CREW GRATUITIES

Crew gratuities are not included and are discretionary. A tip of 12-15% of the all-inclusive fee per person is a suggested guideline if you believe the crew have delivered an excellent service.

OTHER USEFUL INFORMATION

You will be asked to complete a check-in form when you arrive at the yacht. If you arrive earlier than the specified check-in time you may leave your luggage at the yacht and do some sightseeing or simply relax until boarding. Kos offers opportunities for sightseeing and shopping. The first evening will be spent at the port (so do not worry if you arrive late), having welcome cocktails followed by dinner on board and a chance to get to know your crew and fellow passengers. The yacht will leave the marina on Thursday morning after breakfast. Most days there will be a morning and afternoon sail with a stop for lunch in between, and plenty of opportunities for water activities, sunbathing, exploring the islands and coastline and shopping throughout the day. Each evening we will anchor in one of the many bays. On Tuesday night we will return to the marina for dinner ashore at one of the many wonderful restaurants. The crew can arrange your taxi to the airport on Wednesday morning.

There is an age limit of 16 years unless all four cabins on the yacht have been booked for the same party or you have arranged for the yacht to be shared with other families with children.

Please refrain from using a spray form of body lotion/cream and scented oil as it marks the yacht and can cause slipping.

Bed linen, bath and beach towels are supplied and will be changed once during the week.

Smoking is only permitted on deck and is not allowed in the cabins or saloon areas.

Board games and cards are available on board.

The waters we sail in are generally calm and guests rarely experience seasickness. You may, of course, bring some form of prevention with you, although tablets will be available on board if needed.

Please note: you will be required to complete personal details and sign a liability form at check-in.

It is the traveller's responsibility to ensure that all passengers have valid passports (e.g. passports for UK and all non-EU nationals must have been issued within the last 10 years and be valid for at least 3 months after the date you intend to leave the EU country you are visiting) and correct travel documentation for travel to the destination, including adequate travel insurance to include all planned activities.
